**VICTORIA WATER WORKS.**

UNDER AUTHORITY OF THE CORPORAtion of Victoria Water Works Act, 1873, and the Municipal By-Law authorizing the construction of Water Works for the City of Victoria, 1873:

Applications will be received at the office of the undersigned until the 10th day of May for Water Works Debentures, and should application be made for more in amount than the issue authorized by the Act, they will be distributed pro rata.

The Debentures will be issued at par as follows, viz

$10,000.....On 15th May, 1873;
15,000.....On 1st August, 1873;
75,000.....On 1st April, 1874;

Payable in Twenty-five Years from date thereof.

The Corporation of the City of Victoria having the right to repurchase from time to time the said Debentures, for the purpose of withdrawing the same from the market, the numbers of the Debentures so to be repurchased shall be decided by a Ballot, of which One Month's notice shall be given, by publication in the Government Gazette or in one or more of the local newspapers. The Debentures will bear interest at the rate of Seven per cent. per annum, payable Half-yearly, and Coupons will be attached to each Debenture for said Interest, which shall be paid on presentation as they become due.

The Security offered for Repayment of Debentures is as follows:

A preferential Lien will be given on all Works to be erected, also upon the Land and other property acquired for Water Works purposes, and on the Revenue, (amounting to about fifty thousand dollars per annum) which the Corporation have the power to raise under the Municipality Act, 1872, and the Municipality Act Amendment Act, 1873, the Road Ordinance, 1869, and the Road Amendment Ordinance, 1870. Ample security is thus given to those wishing to invest in Debentures.

A Deposit of Ten per cent. on the amount of Debentures applied for will require to be paid into the Bank of British North America to the credit of the Water Works account, a receipt of said deposit to accompany the application, and on the Debentures being issued, they will be placed in the said Bank and handed over to the party who presents the Water Commissioner's Certificate of his being entitled to receive the said Debentures on his paying the full equivalent as mentioned in said Certificate; and in the event of the Debentures not being fully paid for on the day of issue abovementioned, the deposit of the Ten per cent. shall be forfeited to the use of the Water Commissioner for Water Works purposes.

Mr. F. W. Green, C. E., has been appointed by the Corporation as Engineer of the Works to be constructed. The proposed Works consist in bringing water from Elk and Beaver Lakes into the City of Victoria, a distance of between five and six miles, and present no engineering difficulties in carrying out the undertaking.

Forms of Application for Debentures, with Bank Deposit Receipt attached, as well as any further information that may be desired, can be had by application personally or by letter addressed to the Commissioner.

THE COMPANY IS FORMED FOR THE purpose of acquiring the property known as the Belmont Factory, situate on Esquimalt Harbor, and the business carried on therein, consisting of Tanning and Boot and Shoe Manufacturing, and of continuing the same.

The purchase would include the Land, Buildings, Machinery, Plant, Stock-in-Trade and goodwill of the business, all of which it is proposed shall be taken at a valuation to be made by competent disinterested persons.

The Boot and Shoe Department has for the past two years been carried on under the management of Mr. Switzer, almost exclusively by Chinese labor, at a small cost, but the recent addition of the Tan ery, which was found a necessity, in order to maintain a sufficient supply of good material, has required a considerable outlay, and renders the introduction of further capital necessary for the proper development of the business.

The Factory is well arranged, and is fitted with the most approved Machinery.

The Tannery has every appliance for the saving of abor.

The Water Power which is utilized for the conduct of Works, is all that could be desired, and could readily be increased to ten times its present power, if at any time required, either for the purposes of this undertaking, or for any other Manufactory. The supply is derived from Springs on the Estate, is very soft in quality, and is never failing.

In fact the business is in thorough working order, and Mr. Switzer's services as Manager of the Works will be retained upon terms favorable to the Company.

The Land consists of 500 acres, known as the Spring Vale Estate, some of which is of excellent quality.

The Timber is of considerable value for Firewood, the situation being favorable for easy delivery.

The operations of the Boot and Shoe Manufactory during the past two years have been highly satisfactory.

The goods are specially adapted to the requirements of the Provincial trade, have given general satisfaction, and at a profit successfully compete with the imported article.

The sales for 1872 amounted to nearly $30,000, which, considering the short time the enterprise had been in operation, shows the favor with which the products have been received.

The importation of Boots and Shoes as declared at the Customs House for the year 1871, was about $100,000, representing a selling value, after adding duties, etc., of say $150,000. The importation for last year fell off considerably, the decrease being doubtless partially occasioned by the local production. In addition to the demand for Boots and Shoes, as evidenced by the Customs House returns, the sales of Leather produced at the Tannery have to be taken into account, when considering the entire field for the operations of the undertaking.

The Tannery operations only commenced in August last, and as the tanning process involves a period of several months, the business of this Department is in its infancy—a very superior article is, however, being produced at low prices by an economical process, and, as there is no difficulty in obtaining an abundant supply of Hides, the out-turn will be sufficient for the supply of the general demand for harness, mill belting, &c., in addition to the requirements of the Boot Factory.

The Belmont Boot and Shoe Factory was the first enterprise of its kind established in the Province, and its having been so far carried on with success is an assurance that, as population increases, very remunerative returns will be realized.

The value of industrial institutions to the well-being of any country is indisputable, and as the hides produced in the Province are now being manufactured into leather, which in turn is made into boots and shoes, &c., (instead of as formerly being exported and the manufactured articles in turn imported,) the saving to the country by the undertaking is sufficiently obvious it is, therefore, not unreasonable to assume that the advantages which the prosecution of such a reproductive institution insures will aside from the remunerative character of the business, have due weight with all who are in any way interested in the prosperity of the Province.

It should be remarked that this company will become at once possessed of two businesses with established connections, without any interruption to working or loss of time in transfer, and will therefore have from the first day of its possession a revenue from a business which is capable notonly of immediate, but, in the future, almost unlimited extension.

Most similar undrtakings of any magnitude are now worked successfully by joint stock companies, both in Great Britain and the United States.

The transfer of the property to the Company will only be made upon terms satisfactory to the Provisional Board of Directors, based upon the valuation. The purchase will be effected to a large extent in shares retained by the present proprietor, a portion of which will not participate in any profit until a dividend of 10 per cent. has first been paid to the new share holders.

Applications for shares may be made to the Secretary pro tem., the Bank of British Columbia, or to Messrs. Drake & Jackson. mh23dw

**C. Francis Barnard, M. D.**

SURGEON DENTIST.

DR. BARNARD HAS HAD FOR several months the "Perkins Hyatt" or "Celluloid Base," the newest and latest material adapted to the mounting of whole sets of teeth; he is also using "Whalebone-Rubber," which is rapidly supplanting, for single dentures or partial sets the best vulcanites of the last 25 years.

We cheerfully add Dr. B's card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other Dentist on the Sound, Coast or Island.

Dr. B's large experience may be readily seen in the happy and natural expression given his patrons by his life-like insertion of artificial Teeth.

The public may rest assured of patience, gentleness and undivided attention while under the Dr's hands, and that he will ever strive to be foremost in adopting helps and hints touching his own interest and that of his patrons.

## Opening of the Vienna Exposition.

THE CEREMONIES — ADDRESS TO THE EMPEROR AND HIS REPLY.

NEW YORK, May 1 — A Vienna special states that the Prince of Wales and a distinguished company yesterday visited the Exposition building.

Seven thousand drays laden with articles for the Exposition are between the frontiers and Vienna, and as only 200 can be unladen a day, it will be the end of June before the show is in full progress.

VIENNA, May 1 — The Exposition was inaugurated to-day by the Emperor of Austria, in the presence of members of the Imperial family and the royal and illustrious guests, the State and civic dignitaries. The weather was unfavorable, but the crowds of people from all parts of the world who witnessed the imposing ceremonies were immense, filling the rotunda and transepts of the building and portions of the grounds surrounding it. At noon the Emperor Francis Joseph entered the rotunda, with the Crown Princess Victoria of Germany on his arm, followed by the German Crown Prince, Fredrick William, who escorted the Empress Augusta. After them came the eldest son of the Prince, accompanied by the Prince Imperial of Austria. The Emperor took his seat on the throne, when the combined bands, numbering several hundred musicians, performed the Austrian hymn, which was succeeded by the Prussian anthem amid the cheers of the multitude.

ADDRESS TO THE EMPEROR FRANCIS JOSEPH.

The Archduke Charles then rose, and addressing the Emperor, said: — "Sire, filled with gladness, I salute your Majesty in these halls devoted to progress and to peace. Your participation has fitly brought to a completion the work which now draws upon Austria the eyes of the world, and has secured for the Fatherland a full recognition of the part she takes in the promotion of the welfare of mankind through instruction and labor. May it please your Majesty to receive this catalogue and declare the exhibition open.'

THE EMPEROR'S REPLY.

The Emperor, receiving the casket containing the catalogue, replied:

"With lively satisfaction I behold the completion of this undertaking, the importance and significance of which I appreciate in the highest degree. My confidence in the patriotism and capability of my people, and in the sympathy and support of friendly nations, has accompanied the development of this great work, My well wishes and grateful recognition are devoted to its termination, and I now declare the Universal Exposition of 1873 opened."

SPEECH OF COUNT VON ANERSPERG.

Prince Von Anersberg, President of the Council of the Empire, advancing to the foot of the throne, addressed the Emperor as follows:

"Sire, with feelings of modesty, and at the same time exultation and pride, the people of Austria gaze upon the work which testifies to the increasing power and growing esteem of the Fatherland, and to its active participation in the great task of culture. We owe this work entirely to you. Its embodiment is your motto, power and respect, and comes from the union which is strength. We, therefore, lay our efforts at the foot of the throne.

THE BURGOMASTER OF VIENNA.

The Prince was followed by Dr. Folder Burgomaster of Vienna, who expressed the gratitude of the people of the capital to his Majesty, and added, "God protect your Majesty."

The cry was taken up by thousands of voices and re-echoed from all parts of the building.

THE CEREMONIES CLOSED

With the chorus "The Conquering Hero Comes," sung by the united musical societies and the choir of the city.

The Emperor and Empress, followed by distinguished personages, then traversed the western and eastern wings of the Exhibition building, being received everywhere with thunders of applause.

### By-Law authorizing the Construction of Water Works for the City of Victoria, B. C.

WHEREAS, by the "Corporation of Victoria Water Works Act, 1873," it is provided that the said Act should not have any force or effect until the Municipal Council of the City of Victoria should pass a By-Law authorizing the construction of the said water works, which by-law they were thereby empowered to pass.

And, whereas, in order to construct the Water Works in the said Act mentioned, it is expedient that the said Act shall come into full force and effect forthwith; and further in order to carry into effect the said proposed construction, it will be necessary for the said Municipal Council and their successors to issue debentures of the said Corporetion for a sum of money not exceeding ($100,000) One Hundred Thousand Dollars of lawful money of British Columbia for such sums, and in the manner, and payable at the times and for the purposes in the said Act mentioned or referred to.

And, Whereas, by the said Act it is required that monies should be raised by the said Council, and their successors, annually by special rate to be settled, imposed and levied in each year for payment of the said Debentures and interest as in the said Act is more particularly mentioned or referred to.

And, Whereas, for payment of the interest and creating a sinking fund for paying the said Debentures as in the said Act is mentioned or referred to it will require an annual rate to be settled, imposed and levied in each and every year as in the said Act is more particularly referred to in addition to other rates to be levied in each year but subject always to the said Act.

Be it therefore enacted by the Municipal Council of the City of Victoria as follows:—

For the purpose of constructing the said Water Works and other the purposes in the said Act mentioned or referred to, it shall be lawful for the Corporation of the City of Victoria to issue Debentures of the said Corporation of the City of Victoria to be called Water Works Debentures for a sum of money not exceeding One Hundred Thousand Dollars ($100,000) of lawful money of British Columbia in such sums not less than ($50) Fifty Dollars, as shall to the Corporation seem expedient. And such Debentures shall be made payable in manner and at the times in the said Act mentioned, and shall bear interest at the rate, and such interest shall be payable as therein mentioned and such Debentures shall be signed by the Mayor and Clerk of the said City for the time being (and be sealed with the seal of the Corporation) and may be payable either in Sterling or Currency in the manner and otherwise as in the said Act is mentioned. And shall have attached to them coupons for the payment of interest. And the Council of the Corporation of the City of Victoria and their successors, shall for the purpose of providing a sinking fund for the payment of the said Debentures, as aforesaid, and the interest on the same semi-annually, raise annually such sum as may be necessary to pay the interest upon and provide a sinking fund to meet the whole of such Debentures in full, as the same shall become due respectively, and shall order a rate for that purpose on all real estate and improvements thereon, to be settled, imposed and levied in each and every year to pay the principal and interest on such Debentures subject to and as in the Corporation of Victoria Water Works Acts, 1873, and otherwise is provided. And the said Water Works shall in all respects be constructed, and after completion, managed and payments therefrom shall be made and monies received therefrom applied, and all matters and things whatsoever having relation to the premises, respectively or otherwise, referred to in the said Act, shall be carried out as in the said Act is described or referred to that this By-Law shall take effect and come into operation upon the twentieth day of March, One thousand eight hundred and seventy-three.

This By-Law may be cited for all purposes as The By-Law authorizing the construction of Water Works for the City of Victoria, B. C., 1873.

Passed the Municipal Council this twentieth day of March, 1873.

JAMES D. ROBINSON, MAYOR.

OTTAWA, May 6—Blake's resolution for the free navigation of the Columbia river was amended by Tupper, who thought it not wise to interfere with past legislation by the Washington Treaty. A long and exciting debate followed, after which Tupper's amendment was carried by twenty-five majority.

## Supreme Court—in Chancery

*(Before Chief Justice Begbie.)*

SATURDAY, May 10th.

*Stewart, Turnbull et al vs. Ash.*—Judgment in this suit wap given.

The Chief Justice said that Stewart and Turnbull should be made defendants instead of plaintiffs, and further directed that the words "one-third of the net proceeds" meant one-third of the net proceeds after all deductions had been made up the 5th October, 1865, the date of the order given to Grennan and Cranney.

The question was then referred to the Registrar to ascertain what one-third of the proceeds would amount to.

LEVANTED.—J. C. Tracey, auctioneer, who has been a resident of this city for about one year, is reported to have left on the steamer North Pacific for Puget Sound on Friday morning. His liabilities are about $5000—principally owed to sewing machine and other manufacturers in Canada. His partner—Mr. Newell—found a note on the office desk on Friday morning informing him that Tracy had gone to Seattle to look after a man who owed a large sum of money. On Thursday afternoon he drew $1200 belonging to the firm from the bank, leaving only $4 on deposit. Several wholesale and retail dealers will lose from $30 to $500 each and Mr. Newell loses about $1500. The goods left in the store were small in quantity and of little value.

MAINLAND ITEMS.—Pitt River road is to be repaired.....Mercury 80 degrees on Friday at New Westminster.....A letter in the *Herald* from Omineca says that business is very dull and no money. Thirty-seven miners, 11 storekeepers, and 23 Chinamen wintered here. About 16 men have been mining, making 50 cts. to $1 per day; others have been prospecting in the hills, but have found no pay. No news has been received from the prospectors out on Stranger river.

THE PRINCE ALFRED.—This steamship arrived at 3 o'clock yesterday morning, bringing an old mail, a large freight and 120 passengers. She will go round to Esquimalt and receive on board the San Juan Island garrison (who are bound for England under Capt. Sturt's command) and will sail from Esquimalt at 6 o'clock on Monday evening. Express and mail close at 5 o'clock p. m. Monday

REV. H. B. OWEN. — This gentleman will preach a farewell sermon at the Cathedral this morning. Mr. Owen, with his estimable wife and family, will sail for Canada in the mail steamer, having accepted a pastorate in Ontario. Mr. Owen has been a zealous worker during his residence amongst us and his removal is much regretted.

THE steamer Enterprise, Capt. McNeil, arrived from New Westminster yesterday afternoon with the following passengers: Mrs. Cafferty, Mrs. Hall, Miss Glyde, Mrs Lewis, Capt. Raymur, Capt. Pamphlet, Jno. Irving, J. Watson, J. H. Todd, W. Humphrey, F. Hoar, G. Gartland, J. J. Murray, C. C. Murray. She also brought Barnard's Express and a Cariboo Mail.

SCHOOL MEETING.—Mr. Jessop returned on Friday from a vist of inspection to the schools of North and South Cowichan and Salt Spring. The establishments were found in a satisfactory state. Bourgoyne Bay is about to be formed into a School District.

STALE.—The mail matter received by the last two trips of the Prince Alfred has consisted of old English papers and San Francisco letters.

MR. JULES RUEFF left San Francisco on Monday last for France.

## The Northwest Passage.

The telegraph last night brought news of the disastrous termination of the Hall Polar Sea Expedition. Hall is dead and his steamer was last seen in a damaged condition in Oct. 1872. Hall reached lat. 82 deg., 17min., but did not discover the Northwest passage. The Polar Sea reported by Kane turns out to be a strait 15 miles wide. It would seem that all attempts to discover the Northwest Passage may as well be abandoned.

## Langley Condemns the Ministry.

The Langleyites have held a public meeting and denounced the Local Ministry and, particularly, the Finance Minister (whom they dub "the Champion of More Pay") for the shabby manner in which they have been treated in the expenditure of road money. One Speaker said that Langley had never endorsed the appointment of Mr. Armstrong.

INDIAN PRESERVES.—A Nanaimo correspondent writes us that the Indians at that point are very desirous of having their reservation apportioned off, so as to give to each family its due share. Having the whole tribal reservation in common does not seem to be at all satisfactory, and least so to the most civilized. We are led to believe that this feeling is not confined to the Nanaimo Indians; and we have no doubt the Superintendent will attend to this important matter whenever he has been made aware of the desire. Some of the more advanced Indians also express a desire to be allowed to preempt land like the whites. They reason thus: Why should not an Indian who has a dozen head of cattle, and wishes to cultivate land and raise stock, be allowed to take up 50 or 100 acres of land, when a white man with no stock is allowed to hold 160 acres on which he does little? Echo answers, why?

A VOLUNTARY BANKRUPT.—George L. Faulkner, manager of the California Type Foundry, filed a petition in the United States Court for the benefit of the Bankrupt Act. His liabilities are about $75,783, of which about $14,000 are secured debts. His assets are $800 household furniture, etc., exempt from the operation of the Act, and 515 shares of the stock of the California Type Foundry Company, valued at about $45,000. An order of adjudication and reference to Register Gitchel, was made by the Court.—*S. F. Alta.*

EXTRAORDINARY "FIND."—The steamer Sir James Douglas went to Race Rocks yesterday with Capt Cooper and anchored. When about to heave up the anchor it was found to have fouled, and after two hours hard work, another anchor (with a long chain attached covered with barnacles) was brought up and secured. The anchor is supposed to have been lost from the gunboat Grappler ten years ago.

GOING AWAY.—We learn with regret that a large family, who arrived from Ontario a few weeks ago with the intention of settling in this Province, have become disgusted and are about to go back to the place whence they came,—cause, inability to obtain either information, encouragement, direction, or aid in finding a homestead. That's the way to settle up the country!

COMMISSION OF THE PEACE. — The following additional appointments have been made to the Commission of the Peace:—William Fisher, of Esquimalt, Esq.; Jas. McIlmoyle, of Saanich, Esq.; Robert Weir, of Metchosin, Esq.; Wm. Fisher, of Metchosin, Esq.; John Saul, of Lillooet, Esq.; John Muir, the elder, of Sooke, Esq.

HONORS TO ONE OF OUR CITIZENS.—From the Cambridge Classical Tripos in the London *Times*, March 21st. we cull the following: Mr. McKenzie of St. Peter's College, Cambridge, a resident of Vancouver Island, (was) permitted to incept in Arts in his absence. Master of Arts (in absence) Colin Campbell McKenzie, St. Peter's, &c., &c., Cambridge.

BONAFIDE SETTLERS. — A number of Canadian families who intend settling in the country came on the Prince Alfred. It is hoped that the Lands and Works Dapartment will throw off its accustomed lethargy and exert itself to get these valuable acquisitions well placed.

THEATRICAL.—S. W. Piercy and Frank Cleaves, of the Waldron Troupe, have returned to San Francisco. They report the company dissolved and J. B. Waldron and wife, J. H. Vinson and Mr. and Mrs. W. C. Crosbie on their way overland to Salt Lake and Denver.

CREDIT MOBILIER.—Two the chief manipulators of the Credit Mobilier Stock—Oakes Ames and James Brooks—have died of broken hearts since the melancholy disclosures were made.

COMING.—Mr. John McLellan, of the C.P.R.S., who arrived yesterday, says that Mr. Roderick McLennan will probably arrive on the next steamer to recommence active operations on the Railway Survey.

"SNEAKING TOM" makes very light of the East Coast tragedy. This is not to be wondered at, since Tom is a self-convicted "murderer" of the Queen's English. "Misery loves company."

CONVEYANCING.—Mr. Robt. Smith, M. P.P. has opened an agency and conveyancing office at New Westminster.

EXTENDED. — The time for receiving tenders for the lighthouse work has been extended to the 15th inst.

ROAD STEAMERS.—Mr. Thomson, who invented the road steamers, is dead.

SURPLUS STOCK.—The arrival of the steamship Prince Alfred with a large shipment of new Spring Goods for A. B. GRAY occasions in his store a large amoun of Surplus Stock. The New Goods now being opened embrace an elegant variety of the newest Dress Materials, Black Silks, Velveteens, Alpacas, Canton, Shirtings, and other Flannels, Shawls, Sheetings, Table Linens, Curtains, Umbrellas, Flowers, Hats, Jet Jewelery, a complete assortment of Haberdashery, &c. Particular attention is directed to the Dress Goods, which were specially selected for the present and the approaching season. The above surplus of NEW stock will be increased by fresh shipments monthly, and all will be sold. PRICES RIGHT. *

WE wonder what induces David Green, the Clothier, of Government street, to advertise, as everyone is aware that he keeps the best fashionable made clothing store north of San Francisco. *

## European Mail Summary.

Lord Romilly has resigned his office of Master of the Rolls, and will be succeeded by Sir S. Jessel, the Solicitor General. Mr. Watkins, M.P., is expected to succeed to the last-mentioned office.

The Earl of Carnwath died at Harrow from measels. He was only 14 years of age.

Mr. John Pope Hennessy has been appointed Governor of the Bahama Islands.

Mr. Hugh Weightman, a barrister, has been committed for trial upon a charge of stealing a law book from the library of the Inner Temple.

## The Two Schemes.

On the 18th ult. the Toronto *Globe* announced in jubilant tones that Sir Hugh Allan had not only experienced a check in his efforts to float the Canadian Pacific Railway scheme, but that he had absolutely and irretrievably failed; and, moreover, it learned that if the Grand Trunk Arrangments Act, at that time before Parliament, were to pass there would be no hope of anything being done in England with the Canadian Pacific scheme for a long time. Having made these announcements, the *Globe* ventured to intimate that it was the intention of the Sir John A. Macdonald Administration to prevent the passage of the said Grand Trunk Bill. Unfortunately for the *Globe's* prediction, two days later we find the Government and every one of their supporters advocating and voting for the Bill, which passed a second reading by the unprecedented majority of 126 to 7. Of this contemptible minority, the only man of any note was the Hon. Mr. Cauchon! In the course of the debate, Mr. Cauchon stated that he had just received a letter from England which stated that the Grand Trunk Corporation was opposing the Pacific Railway scheme. To this the Hon. J. H. Cameron promptly replied to the following effect.—

He said that as to the statement that the Grand Trunk Railway Company in London were using their influence against the Pacific Railway, he thought it quite right that hon. gentleman should be entirely disabused of any such idea. He was in a position to state, without the slightest reference to individuals or any Company in regard to the Pacific Railway, that on the contrary, the Grand Trunk Company were prepared to assist in every way possible whoever might be engaged in that scheme, and were most anxious to promote the work in whosever hands it might be. It is quite evident that anything appearing in the Opposition press upon the subject of the Canadian Pacific Railway should be taken *cum grano salis.*

[San Francisco Chronicle, May 4.]

## Dismissal of the Charge of Fraud Preferred Against J. T. Little.

The case of John T. Little, charged with fraud by Henry C. MacNevin, was continued in the Police Court yesterday afternoon. The Court-room was crowded with the friends of the parties, who took a deep interest in the proceedings. The case opened with Mr. MacNevin on the stand, and Hall McAllister's first question was a startling one: "Have you ever been convicted of crime in this State?"

Mr. Eastman (for the prosecution)—I object.

MacNevin—I am willing to answer that question. In 1854 I was arrested for stealing a wheelbarrow, and while on trial I used some rough, and, I suppose, uncalled-for language to Justice McBride of Oroville, Yuba county, which resulted in a sentence of two months in jail. I had some nails to carry quite a distance, and finding a wheelbarrow lying alongside the road, I took and used it. For this I was arrested, but my conviction was really for a contempt of Court.

Mr. MacNevin was then allowed to sit down.

Mr. McAllister—Call Mr. Curtis.

Mr. Eastman—Who? Tyler Curtis?

Mr. McA.—No, James! [Laughter and sensation in Court.]

LITTLE,S CHARACTER—ONE SIDE.

James Curtis, W. C. Ralston, Cashier of the Bank of California; G. F. Smith, an attorney; J. C. Palmer, John Wright, H. Blake, B. H. Kelley and N. W. Cook were placed successively on the stand and testified to the good character of Mr. Little and his perfect reliability in business transactions.

THE OTHER SIDE.

William H. Parsons testified that he knew Little in Victoria in 1858, and his character there was not good.

C. Foge, a collector, testified that it was very hard work to collect a bill from Little.

W. W. O'Shay, a humorous Irishman, possessed of a brogue whose volume and richness must have caused Burke Phillips to gnash his teeth with envy, was next called to the stand, when the following colloquy ensued:

Mr. Eastman—Would you trust Mr. Little?

Witness—Faith, I wouldn't. [Laughter.

Mr. E.—You did some work for him about three years ago, did you not?

Witness—Indade I did.

Mr. E.—Has he ever paid you for that work.

Witness—Indade he *has not.*

Mr. E.—Don't you think it rather queer that a man who sometimes deposits in the bank as much as $21,000 in a single day should fail to pay a small debt for labor?

Witness—Well-l, faith, I have sometimes thought that same.

H. B. Drew, W. McNamara, Andrew Stephenson and George Sanders testified that they also regarded Little as unreliable in business transactions.

ARGUMENT.

The testimony here closed and Mr McAllister argued that there was no intent to defraud on the part of Little, and that the whole trouble grew out of the failure of Tyler Curtis to honor his check.

Mr. Eastman contended that the whole thing was a deliberately planned scheme of Tyler Curtis and Little, and that Little made $550 out of the transaction.

After patiently listening to the arguments on both sides, Judge Louderback dismissed the chargo, and Little walked forth triumphantly.

OLD CHICORY is almost a thing of the past. Finlayson's Coffee presides over the present. It has now superseded what used to be claimed as "superior to any other manufactured on this coast," and will soon be found on every well-furnished table in the Province. Prepared on his premises on Government street, and sold by all the principal dealers. * *

THE "COLONIST'S" SPECIAL DISPATCHES.

## LAST NIGHT'S DISPATCHES.

### Europe.

VIENNA, May 9—There was a wild panic on the Bourse to-day, caused by the failure of a leading firm, which threw a large amount of stock on the market. So great was the excitement that business grew impossible. Speculators have petitioned the Government to order the suspension of transactions for seven days, and have also asked for relief during the height of the panic. Rothschild and Schey were publicly insulted.

The influx of visitors to the exhibition since its opening has been from twelve to fifteen thousand daily.

LONDON, May 9—It is reported that the Spanish Minister to Great Britain has made a demand on Earl Granville for the prosecution of the London Carlist Committee, which is soliciting funds to aid Don Carlos.

### Eastern States.

BROWNSVILLE, May 9.—Yesterday a party of about 20 men, armed with Winchester rifles, drove a lot of stolen cattle to Rio Grande into Mexico, fifteen miles below this city. The Cavalry started in pursuit and reached the crossing one hour after the thieves had crossed.

WASHINGTON, May 9. — Rear Admiral John Winslow, of the Kearsage, fell in a fit of apoplexy to-day. Hopes are entertained of his recovery.

NEW YORK, May 10—A dispatch from St. John, N. B., May 9, says the steamer Walrus arrived from the sealfishery at Port St. John this morning bringing news that the steamer Tigress had come into Roberts Bay, 18 miles from there, having on board 19 survivors of Hall's Artic Expedition. This party which had been landed from the Polaris were driven from her by a gale which burst her mooring on the 15th October, 1872, in latitude 72 dg. 35 min. When last seen the Polaris was under steam and canvass making for harbor on east side of Northumberland Island. She had no more boats left. She was in command of Capt. Buddington who had 13 of the crew along with him and a plentiful stock of provisions. Her bow was somewhat damaged. It is the opinion of the survivors that they will be unable to get clear till July. In the event of the ship being unseaworthy they would have to make new boats to effect an escape. On the 8th Oct. 1871, in latitude 81 dgs. 18 mins. longitude 7 dgs. 44 mins., Capt. Hall died of apoplexy and was buried on shore. They erected a wooden cross to mark his grave. He had recently returned from a northern sledge expedition in which he had attained a latitude of 82 dgs. 16 mins. He seemed in his usual health when he was suddenly struck down and expired. In Dec. 1871 the Polaris entered winter quarters and left August 12, '72. Ice was very heavy and set in a southerly direction. She was drifting south and so continued drifting till Capt. and party were driven from her. Sledge party crossed Kane's Polar sea, which they pronounced to be a strait about 15 miles wide. There was appearance of open water to the northward. Rescued party suffered very much during dreary drift from hunger and cold. For the last ten months they ate raw seal and polar bear as they could get them. When met by the Tigress they showed evident signs of great suffering, but during the nine days they have been on board they improved vastly and are now in fair health. The party is in charge of the U.S. Consul and will arrive at St. John on Monday.

A dispatch from Washington says the news of the disaster to the Polar expedition affected the President deeply, as he had hoped the enterprise would rebound to national honor.

RICHMOND, Va., May 10 — A duel was fought last evening just beyond the city limits between John B. Mordair and Page McCarthy. Both were wounded — Mordair mortally. The seconds have been arrested. The difficulty occurred about a lady.

### Cuba.

HAVANA, May 9.—The Spanish steamer arrived with 400 Carlist prisoners to reinforce the Spanish army in the field. A boat from the English gunboat received Bidwell the bank forger and carried him to the English steamer Corsica, which left this evening for England. Bidwell is in charge of the English authorities. His wife is a passenger on the Corsica. It is reported that he will turn Queen's evidence at the trial in England. A dispatch from Santiago, Cuba, says O'Kelley arrived there yesterday, for the trial to be conducted there.

### California.

SAN FRANCISCO, May 10—Sailed—Schr. Clara Light for Victoria and Port Townsend.

## DELAYED DISPATCHES

### Europe.

LONDON, April 29.—In the House of Commons, Hamilton moved that the Government be instructed to purchase Irish Railways, stating that Ireland was ready to defray the expenses of transfer. Gladstone opposed the project. He offered to help the railways with loans at the lowest rates of interest. He was ready to assist them in every way, but would not purchase. He advised amalgamation. The motion was rejected.

In the Tichborne trial to-day the French tutors of Sir Roger Tichborne were examined, and gave testimony which is regarded as fatal to the hopes of the claimant.

LONDON, May 2.—Miss Rye sent out seventy-three girls, by the steamship Samaritan, which sailed from Liverpool for Montreal yesterday. Homes have been secured for them in various places in Canada.

LONDON, April 29—3 A. M.—In the House of Commons last night, Smith moved that before deciding on a further reduction in direct taxation, the House demand of the Government a declaration of its views respecting the adjustment of imperial and local taxation.

Lowe, Chancellor of the Exchequer, Sir Stafford Northcote, and Messrs. Fawcett, Massey, Goschen, and several others made speeches. The debate, which was somewhat acrimonious, was protracted to a late hour, and the House adjourned until Tuesday.

LONDON, May 4.—The banquet preceding the opening of the annual exhibition of the Royal Academy was held last night, and attended by a brilliant and distinguished company. After the usual toasts to the Queen and the royal family, Sir Francis Grant, President of the Academy, proposed, "Prosperity to the United States," and in a graceful speech congratulated the American people on the development of art in their country. The toast was eloquently acknowledged by General Schenck, American Minister.

LONDON, April 30.—In the House of Commons this afternoon, Jacob Bright moved the second reading of the Woman's Disabilities bill. In his remarks in support of the bill, he cited the adoption of woman suffrage in Wyoming Territory and elsewhere, and said that if the measure was adopted now it would not be brought forward again and again. Mr. Bouverie moved that a second reading of the bill be postponed for six months, and Mr. Scofield seconded the motion. A debate followed, at the close of which the House divided, when the bill was rejected by 222 to 155.

The race for the two thousand guinea stakes at Newmarket to-day, was won by Gang-forward; Kaiser second, and Sulieman third. The betting just before the start was six to one against Gang-forward, two to one against Kaiser, and even on Sulieman against the field. Ten ran.

The bullion in the Bank of England has increased £55,000, during the past week.

VIENNA, April 28.—The cabmen have struck, in consequence of a disagreement with the authorities with regard to the tariff of fares. They are threatened with fine and imprisonment and the loss of their licenses if they persist in the strike.

Frederick, Crown Prince of Denmark, has arrived in this city.

### Eastern States.

NEW YORK, May 4.—The funeral of the Hon. James Brooks took place to day. Grace Church was filled to overflow. The front seats were occupied by the pall bearers. The editorial staff of all the city papers were fully represented. The entire staff of the *Express* were present as mourners.

### Canada.

OTTAWA, May 1.—In the House of Commons last night, Mr. Mills moved a resolution, that before the arbitration to the plan under the terms of the Treaty of Washington be entered upon, it is proper that the limits of the Dominion and its jurisdiction should be decided.

Sir John Macdonald, in opposition to the motion, advanced the plea that it would prevent Canada from asking any compensation for the twelve years the treaty lasted, as the Americans would not concede their view of the fishery limits. He admitted that the Commissioners appointed to conduct the arbitration could only arrive at a very rough estimate of the sum due, and and said that communications were passing between the Canadian and Imperial Government on the subject of headland rights, and that question would probably be referred to the international jurists for decision.

CORNWALL, May 1.—A distinct shock of earthquake was felt here and at Coteau Landing last night.

HALIFAX, May 3.—Lieut. General O'Grady Halley, the new Commander in Chief of the British troops in America, arrived this morning.

A call has been made here for volunteers to join the companies designed for service in the Indian country on the frontier of Manitoba, where Indian troubles are reported.

The Straits of Canso and the Gulf are still filled with ice.

A Boston steamer made a fourth attempt to reach Charlottetown, but failed. The harbor at Sidney is not open, and no arrivals are reported. High rates of freight are being charged for coal.

MONTREAL, Ontario, May 2d—This evening as the Portland Express train, on the Grand Trunk Railroad was passing the 27th mile post, near a place called Sardante, the three last cars, a Pullman and two coaches, left the track by means of a defective rail, and becoming detached from the train rolled down a bank forty feet high. Thirty-two wounded persons came into this city by the portion of the train that was left on the track. A number of injured persons were left at St. Hyacinth and Peter stations. Among the injured here are Wm. Parker, of Worcester, and Wm. Taylor. A majority of the injured are Americans. No deaths are yet reported.

THREE RIVERS, Quebec April 28—Large fields of ice are passing down the south shore. The farms are flooded for a mile and a half along the banks of the river. The water is up to Market Square, in the heart of the city, and the lower part of the city and suburbs are submerged. Should the wind change and blow ice or this side it would cause much damage and great destruction among the poor. In Berthe the flood is so high that the people are compelled to vacate their houses, and are sailing up and down the principal streets in boats.

## Railway Tricks on Travelers.—How to Avoid Them.

As so many of the travelling public have been imposed upon when making the journey across the Continent we offer the following hints:

When arriving at San Francisco the agents of the several lines connecting with the C. P. R. and U. P. R. R. will urge the advantages of these several lines, and their persuasive powers do frequently lead the unwary to take circutous routes at a large additional expense of both money and time. An illustration occurred recently. Parties were induced to purchase tickets via Grand Trunk R. R., from Detroit to Toronto, when their destination was within a few miles of the Suspension Bridge on the Great Western R. R. Leaving San Francisco Monday they were due at the Grand Trunk junction, two miles from Detroit, at 2:30 a. m. Sunday morning, when, had it been a week day they would have had to wait in a comfortless R. R. station-house till 7 a. m. next morning before taking train East; but in this case, arriving on Sunday they were obliged to lay over till Monday, arriving in Toronto on Monday evening necessitating extra expenses in Detroit and Toronto and making their destination Tuesday, midday. Had they taken the Great Western R. R. they would have reached their destination on Sunday before noon, or Toronto two hours later, saving forty-eight hours of time and hotel expenses, together with the additional expenses from Toronto and the discomfort of being aroused from a sleeping car at such an unreasonable hour. By taking the Great Western R. R. they would have in all cases direct connection on all points on that line and all points on the Grand Trunk from Toronto East.

To avoid the chances of injustice, we would advise in all cases applying to the up-town office of the Central Pacific, opposite the Grand Hotel, as they have no interest to serve beyond their line, and, if asked, are bound to show you a map of the several routes. Clergymen, with proper credentials, have their fare reduced thirty dollars from San Francisco to Omaha, being seventy instead of one hundred dollars.

The Central have just completed arrangements so that any parties wishing to bring out intending emigrants can get tickets from Liverpool to San Francisco for ninety-two dollars. Greenbacks.

FEEDING FOWLS.—No plan is so injurious as to throw down heaps of grain once or twice a day. They should have it scattered as far as possible, that the birds may be longer and healthier employed in finding it, and may not accomplish in a few minutes that which should occupy them for hours. For this reason every sort of feeder or hopper is bad. It is the nature of fowls to take a grain at a time, and to pick grass and dirt with it, which assist digestion; but if, contrary to this, they are enabled to eat corn by the mouthfuls, their crops are soon overfilled and seek relief in excessive draughts of water. Nothing is more injurious than this; and the inactivity that attends the discomfort caused by it lays the foundation of many disorders. While speaking of food, it may be observed that, when from travelling, or any other cause, the fowl has fasted a long time—say 30 to 48 hours—it should not be allowed any hard food. For the first three hours it should have only a small portion, say a teacupful of sopped bread, very wet, so much as to serve for food and drink. If the bird appears to suffer much from the journey instead of bread and water give bread and ale.

We, the undersigned Physicians, practising in the city of San Francisco, have examined the result of the analysis made by Dr L. Lansweert, Practical Chemist, of the Napa Soda Springs of Napa. The water, according to this examination, possesses aperient antacid and fine properties, which cannot fail to be very beneficial in the treatment of chronic diseases, and affording a pleasant, healthful and invigorating beverage.

WE, the Mayor and Councillors in Council convened by virtue of the power and authority by An Act, entitled "The Victoria Municipal Ordinance, 1867," "The Victoria Municipal Amendment Ordinance, 1869," "The Municipality Act, 1872," and "The Municipality Act Amendment Act, 1873."

Whereas, it is expedient for the good Government of the City of Victoria that an Annual Revenue be raised, levied and collected for Municipal purposes.

Be it therefore enacted by the Mayor and Councillors of the City of Victoria, as follows:—

1. 4. No license shall be granted to any person for the sale of wines, spirits, beer or other fermented or intoxicating liquor by retail unless upon the certificate of a Justice of the Peace, which said certificate shall be granted after specific and public application therefor, and after reasonable notice to such Justice to be given by the applicant, due regard being had in the grant by such Justice of such certificate to the requirement and convenience of the public, and such certificate may be in the Form of Schedule C., and such license for the sale of fermented and intoxicating liquor by retail shall be granted only to the Licensee in the respect of the premises mentioned in such certificate, and no person so licensed to sell fermented or intoxicating liquor by retail shall carry on such business in any other premises except the premises named in such license or certificate under a penalty not exceeding the sum of $250 for every such offence, and license shall be granted so as to terminate on the 30th day of June and the 31st day of December, and no proportionate deduction shall be made on account of any person commencing business between those dates.

5. Every person selling Goods, Merchandise or Merchantable commodities by Public Auction shall, on or before the 10th day of every month, make a return to the Collector of the Municipal Council of the City of Victoria of the amount of money, or equivalent for money, received by him during the past month ending on the last day of every month, in respect of Goods, Merchandise or Merchantable commodities sold by him by Auction, and such return shall be in the form marked "D" in the Schedule to this By-Law; and every person selling by Auction, as aforesaid, shall pay to the Corporation of the City of Victoria in addition to any license, the amount as specified in Schedule A., an amount equivalent to one and one-half per cent. upon the amount so received as aforesaid; and if any person selling by Auction, as aforesaid, shall neglect to make such returns as aforesaid, he shall be liable to a penalty not exceeding the sum of $250; and if any person selling by Auction as aforesaid, shall make any false or fraudulent return of any matters contained in any such return as aforesaid, such person shall upon a summary conviction thereof be liable to a fine not exceeding $500 or to imprisonment for any term not exceeding two years.

6. Whenever any pecuniary penalty is imposed for any offence the same may, unless otherwise provided, be recovered by way of summary proceedings before any single Justice of the Peace having jurisdiction within the City limits; and every such penalty with the costs of conviction be levied by distress and sale of the goods and chattels of any offender, and in case such goods and chattels shall prove insufficient to satisfy such penalty and costs, then by imprisonment of such person so offending for any term not exceeding three calendar months.

7. In the case of any summary conviction under this By-Law no warrant of commitment upon a conviction shall be held to be invalid by reason of any defect therein, if it be therein alleged that the person offending has been convicted and there be a good and valid conviction of the same.

8. In the construction of this By-Law in describing or referring to any person or party, matter or thing, any word importing the masculine gender or singular number is used, the same shall be understood to include and shall be applicable to several persons and parties as well as one person or party, and females as well as males, and bodies corporate as well as individuals, and several matters and things as well as one matter or thing, unless it otherwise be provided, or there be something on the subject or context repugnant to such construction.
